

Altavista 700 foldable work platform

✓ **Private use**

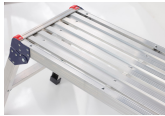

- Extra large work platform
- Practical and compact to store
- Suitable for use in and around the house

Altavista 700. A compact, foldable work platform

A work platform is always handy if you have to work at height for an extended period. The Altavista 700 is a practical, foldable platform made of aluminium. The wide platform provides comfort when standing and gives you that little lift that you need to get your jobs done around the house.

The lightweight platform is very stable. The automatic lock means you can be sure that you are safe. The Altavista 700 is extremely compact when collapsed. So store it easily in a garage or shed.

Large platform

The Altavista 700 has a large work platform of 0.30 x 0.70 metres. And with the platform at 0.50 metres, you can work up to a height of 2.50 metres.

Lightweight, compact design

The lightweight platform is very compact. The treads fold away and can be stored easily.

Always stable and safe

With the extra wide treads, you will always be safe and stable. The automatic lock on the treads offers additional safety.
