

Nevada push-up ladder

✓ Professional use

- For intensive, professional use
- Extra high (30 mm) and deep rungs (42 mm) for extra comfort and support
- Unique ergonomic ladder with ERGO-GRIP

Nevada push-up ladder. Ergonomic, push-up ladder for professionals

The most comfortable ladder. The Nevada has many smart features. The ergonomic box-profiled shape with ERGO-GRIP provides a sturdy, natural grip. Extra high rungs offer optimum support for your shins. This push-up ladder is also idea for working against a façade. With one simple movement, the Nevada easily slides out to its extended length. Perfect for every task.

The extra deep rungs with anti-slip standing surface ensure increased comfort and the flared beams provide stability. The push-up ladder is easy to use due to the synthetic guiding parts and the top rolls at the ends. The top quality black coating is attractive as well as dirt-resistant.

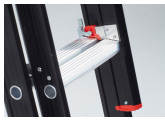

Comfortable ERGO-GRIP

The box profile is ergonomically designed. This ensures a natural grip. Handy if you use it frequently.

Taking you to great heights with ease

This ladder can easily be extended to great heights. It also rolls out easily against a façade due to the top rolls on the ends (from 2 x 12).

Working safety at height

If you're choosing safety, choose the Nevada push-up ladder. The ladder parts can be locked. This prevents the ladder from unexpectedly closure during use.

Achieve more with extra length

The generous rung-to-rung distance of 28cm allows the Nevada push-up ladder to take you to unparalleled heights.

Extra high rungs

The ladder has extra high rungs (30 mm). They offer support to your shins. Providing greater comfort if you are using the ladder for an extended period.
