

TL Smart Up Active

✓ Private use ✓ Professional use

- Deep rungs (65 mm)
- For domestic or professional use
- Telescopic - compact and easy to store
- Robust telescopic ladder
- Safe unlocking with ABS Soft Close technology

TL Smart Up Active. Telescopic ladder for the hard working handyman or professional

The TL Smart Up Active is an extremely user friendly professional telescopic ladder which can be used during a wide range of activities. This telescopic ladder has a variable height up and a comfortable standing surface thanks to a rung depth of 65mm. The TL Smart Up Active can be used for heavier DIY work, but also for professional proceedings.

Simple to use

The central operating point is unique. With just one movement, you unlock the entire ladder and slide it in automatically.

Working safely

Stabiliser means you are always sturdy and stable. No matter which position you use.

Compact storage

The TL Smart Up Active is compact and easy to store.

Optimal protection

Special caps protect the wall.

ABS Soft Close technology

With the ABS Soft Close system the telescopic ladder retracts gradually after unlocking. With this system your hands / fingers are optimal protected.

Deep rungs (65 mm)

With this telescopic ladder you always work safely. Thanks to the extra deep rungs you are always safe and stable.
