- User-friendly telescopic ladder

TL Smart Up Go. User-friendly telescopic ladder for home use

The TL Smart Up Go telescopic ladder is ideal for using at home. This handy telescopic ladder has a variably adjustable working height. Its comfortable standing surface with rungs that are 40 mm deep lets you stand firmly on the TL Smart Up Go. This ladder can be easily extended and retracted.

Easily operated

Using the soft-close mechanism, you unlock the entire ladder and retract it automatically and gradually.

Working safely

Anti-slip feet and a stability bar ensure that you always stand firmly and stably.

Compactly stored

The TL Smart Up Go can be stored very compactly. A retracted ladder takes up very little space.

Optimum protection

Special caps protect the wall.
